

# WORLD CLASS!

## An investment for the future

By purchasing a quality product from a reputable family business, you contribute to better stewardship of the earth's finite resources. These quality scissors will also give you joy and satisfaction over their fine function. If you take good care of the scissors, they will be inherited by your children and grandchildren. That's what we call real quality! Service and spare parts are guaranteed.

## Allround scissors

Top modern allround scissors. All handmade by the best makers in the world. The blades are made of one of the best powder steels in the world, the Swedish Elmax steel, which provides supreme strength and edge retention.
